---

The short answer is that learning to fly will change your life.

The long answer depends on you. People learn to fly for many reasons; such as, personal satisfaction, excitement, ease of travel, or even a career change.

The one common thing that pilots say about learning to fly is that it is life changing. A few of the reasons why learning to fly is life changing are: better self-esteem, immense satisfaction, and great enjoyment.

Mid Coast flying is guaranteed to be one of the greatest experiences you can have in life. You will fly over some of Australia's most spectacular scenery of rivers, towns, coastline and mountains. You will have a tremendous sense of achievement, mastering all the elements of safe flying over some uncluttered airspace keeping you relaxed and enjoying your experience.

Becoming a pilot is both rewarding and challenging. You will develop new skills that will enhance your critical thinking, self-discipline, and hand eye co-ordination. Would be pilots often know from a young age that flying is something that both interests and excites them, and once they get to experience flight for the first time it forever changes their perspective of the world. Whether you want to learn to fly to become a career pilot, for business, or just for fun as a hobby, Mid Coast Flying can help make your dreams come true.
